AIMGAIN which is good at the coordinates suggestion that assumed "simple VIP" the subject from the customized dawn.
 純VIP with many fans who think, "it is this style speaking of domestic VIP."
 The normal domestic car is Noble in one word. The impression that a flowing line is beautiful, and there are many people
 feeling a quality of domestic sedan in such a place, but after all is too quiet for a custom enthusiast.
 If a feeling of overdoing becomes strong, spoil does a quality of domestic sedan, but I let you do there, but it is delicious,
 and it has the aggressiveness in AIMGAIN, beautiful, flexible domestic production VIP.
 I make use of high normal completeness well, and a brand to increase self-assertion moderately is 純VIP.
